Question 3a

Your Comments

Please give details of why you consider that this part of the Local Plan is not legally compliant or unsound or fails to comply with the Duty to Cooperate.

I understand that Local Plans must meet the test of soundness and be consistent with criteria enshrined in the National Policy Framework.

Accordingly, I find it incomprehensible on the part of the council that criteria hitherto considered sacrosanct and inviolable (outstanding beauty, wildlife interests, congestion problems etc.) should be so readily and randomly jettisoned through mere transient policy change. Barmpton Lane, for example, becomes more & more impassable by the day - NOW!

The old adage is as true as ever - "Once destroyed, always destroyed"!

Is the council about to commit to such destruction in the name of 'dubious progress'!

Question 5

Attendance at Examination Hearings

If your representation is seeking a change, do you consider it necessary to participate in the examination hearings?

No, I do not wish to participate at the examination hearings

Question 6

Do you request to be notified that the Local Plan has been submitted to the Secretary of State for independent examination under section 22(3) of the regulations and to be notified of the adoption of the Local Plan?

Yes, I request to be notified
