Question 3a

Your Comments

Please give details of why you consider that this part of the Local Plan is not legally compliant or unsound or fails to comply with the Duty to Cooperate.

Why are we considering the above plan without the proper infrastructure in place . The main road Salters Lane North that passes the rear of my property is full to capacity and I have to breathe the exhaust fumes as these vehicles wait in a queue outside my house . We need the new road building from the A1M to the A66 roundabout at Great Burdon to ease the congestion . This road , Whinfield Road and Barmpton Lane are not suitable for taking this extra amount of traffic. Aproximately 9000 extra car journeys every day.
