**Do you consider that this part of the Local Plan is unsound because it is not: (tick all that apply)**

**Question 3a**

**Your Comments**

**Please give details of why you consider that this part of the Local Plan is not legally compliant or unsound or fails to comply with the Duty to Cooperate.**

I would like to register my object to the building of more housing on green belt land, particularly to the north and the west of Darlington. We are losing green belt land due to continual land redevelopment that is being slowly consumed but greedy developers who do not care about what they are concreting over.

Please protect these areas.

**Question 4**

**Changes Sought**

**Please Note** your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. There is the opportunity to attach Word or PDF files before submitting your comment.

***After this stage, further submissions will only be at the request of the Inspector, based on the matters and issues identified for examination.***

**Please set out what change(s) to the Local Plan you consider necessary to make it legally compliant or sound. You will need to say why this change will make the Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording for any policy or text.**
