Question 3a

Your Comments

Please give details of why you consider that this part of the Local Plan is not legally compliant or unsound or fails to comply with the Duty to Cooperate.

I want to express my concerns about the proposed development of a large housing scheme of 4500 residents. This development will put enormous pressure on the already busy roads as most people living in these houses will possess 1 if not 2 cars an add to the pollution.

My greatest concern is for the environment which will be destroyed for this development. It is an area which is very important to the local residents. This has become increasingly evident during the Covid epidemic and has been discovered by increasing households as an area for exercise. It has supported us in our mental and physical health during this time which is incredibly valuable. \It is an area of huge diversity of species which would be awful to loose

It is also becoming increasingly recognised how important to the whole world that we preserve the multi diversity of species. That we all need each other from the largest to the smallest creatures to retain the balance for life to be sustained

We would be remiss in not looking after these areas for our grand children and their offspring.

As our trusted representatives I hope that you will consider very carefully this proposed plan
