Question 2	

Do you consider that this part of the Local Plan is unsound because it is not: (tick all that apply)

Question 3a

Your Comments

Please give details of why you consider that this part of the Local Plan is not legally compliant or unsound or fails to comply with the Duty to Cooperate.

I would like this email to be taken as an objection to the Skertingham Village proposal. I went along to Oban Court when the designs were there and had a discussion with council staff over my concerns.

My first one is for the wildlife, if anyone walks around that area it's impossible to miss the abundance of amazing animals and birds that live there and the damage this would cause is unthinkable. I have lived in this area for nearly 50 years and the thought of not being able to just walk straight into the countryside is upsetting. I purposefully stayed her for that reason. The roads around this area can not take anymore traffic and the pollution levels on whinfield road is worrying. My back garden is near the traffic light junction and the difference in the last 26 years of volume of traffic is terrible, you get no peace from it day or night while sat outside or what fumes we breathe in. This is going to increase drastically if all the houses are built. A gentleman I spoke to at the council confirmed it would get a lot worse for the next 10 years until the link road was built, the number of cars and lorries going past have increase since Amazon has opened as people have to come this way to get to the A1. The number of houses that apparently have to to built to accommodate people moving to Darlington needs

revising as well. I was told it would be for the Amazon workers - they seem to be managing without them.

Please I could I be informed of any future meetings or if there is another way I can have input into this.

I did try to raise an objection through the council site but for some reason it wouldn't let me.
