I certainly object to the removal of the wildlife on the beautiful green area and its biodiversity. I support the restoration of all parklands as they are so valuable for many people. In 2020 the green areas played an important part in physical and mental health. We need to have the opportunity to continue to exercise in a open, safe environment. I most certainly do not want to see this land built on. Our historic land is a vital attraction of Darlington. A much needed peaceful area.

Question 5

Please set out what changes you consider necessary to make the Plan legally compliant or sound and why, thinking about what you identified in Question 4. It will be helpful if you are able to put forward your suggested revised wording or any policy or text. Please be as precise as possible.

Blands Corner triangle site 403 needs to remain as a wildlife and biodiversity area. It is imperative for the future of the area.
