| Question 4  |   |

**Please give details of why you consider the Darlington Local Plan, incorporating the proposed Modifications to which your representation relates, is not legally compliant or is unsound. Please be as precise as possible. If you wish to support the Plan or comment on the Sustainability Appraisal Report Addendum/Habitats Regulations Screening please also use this box to set out your comments.**

I wish to register my objections to this development.

The environmental implications will be catastrophic if this goes ahead. In the current global climate, as well as the fact that the UK has hosted COP26, we should be preserving our precious countryside and wildlife habitat, not destroying it .

I am a resident of Darlington living in Haughton-Le-Skerne.

I hope DBS sees sense and finally refuses planning permission.

**Question 5**

**Please set out what changes you consider necessary to make the Plan legally compliant or sound and why, thinking about what you identified in Question 4. It will be helpful if you are able to put forward your suggested revised wording or any policy or text. Please be as precise as possible.**
